Municipal Officers

of the

TOWN OF

VIENNA

For the year ending
December 31, 2013

Printed by Pettengill Printers, Leeds, ME 04263

Selectmen's Report

The town's cash flow continued to improve in 2013. Though we still have the need to secure a Tax Anticipation Note, the need is not as urgent and the Undesignated Fund Balance (surplus) is growing, slowly but surely. Since the yearly audit is never completed by town meeting time, we have decided to include a portion of the previous year audit (in this case 2012) in the Town Report. Next year, we will include the 2013 audit, and so on. The audit in its entirety is available at the town house. Also, on the advice of our auditor, we have changed the wording on several articles to make them more specific.

In March we welcomed Jeff Rackliff to the board. He is a real team player, shows great interest in learning the job and is seeking a second term.

Contracts renewed this year included: 1. An optional two year contract with Lenny Meader dba Meader's construction for Snow Removal on town roads, 2. An optional one year contract with Riverside Disposal for Waste Removal.

Marianne Archard continues to be editor of the Vienna Record Newsletter. In an attempt to save some money, we are now sending the newsletter via email and it is always posted on the town website. Please send your email addresses to Marianne viennarecord@gmail.com (or to 197 Davis Road, Vienna, if you don't have access to a computer and prefer a hardcopy in the regular mail). Please contact her to submit an article, photograph, publicize an event, or place an ad in the newsletter.

Jim Anderberg continues to be Vienna's webmaster –you may contact him at webmaster@viennamaine.org. Visit the town website at www.viennamaine.org – a great source of information.

As always, the selectmen would like to express gratitude to the Planning Board, Merry Dumpsters, Town House Committee, and of course, the Fire Department for all that you do for our town. And thank you to all our town officials elected or appointed.

Respectfully submitted,
Dodi Thompson, Chair

Road Commissioner's Report

2013 went by fast. Two days into my new job as Road Commissioner, storms caused three roads to washout – Mason Road, Stream Road and Mountain Road - due to the rain, ice and snow in the ditches. It took a big chunk of our road maintenance budget - over $23,000 – to repair these three roads. Unfortunately, FEMA could not help us because there was not enough damage in Kennebec County to warrant declaring it a disaster.

The Tower Road got some paving done; more will be done in 2014. The paving contractor said we are losing the North end of Tower Road due to potholes and cracking – that will be a priority in 2014, as will more ditching on several roads, more culverts and putting gravel on the dirt roads.

Respectfully submitted,
Daniel J. Goucher, Road Commissioner

RSU #9 School Board Representative's Report

This has been a new and exciting year for the students in RSU #9 with the completion of the Mt. Blue Campus. This name change is because the classrooms for the high school and tech center are integrated. Also, Adult Education will be located on this site rather than on upper Main Street. This was a reconstruction/building project, keeping a lot of the original high school.

Several times I have heard comments like "I bet that school cost us a lot of money." That prompted me to review Vienna's share in the building of the Campus.

State of Maine share: $52,355,238 (93.71% of the total cost)
RSU#9's share: $4,999,641.54
The 20 year bond: $249,982 (on average, since the payments will decrease each year)
Vienna's share of that yearly payment: $12,249 (on average, since the payments will decrease each year). Considering all the available educational opportunities at Mt. Blue Campus, I feel it is a hell-of-a-bang for our buck.

RSU#9, together with area colleges, is involved in a program where students can take college equivalent courses while in high school. Depending on the students chosen paths, they can complete up to a year of college before graduating. The students will be expected to pay for a portion of the college tuition, but it will be a tremendous savings for the parents.

Items that the Board will be considering this year include: 1. A weekly late-start Wednesday in place of most of the early release days. 2. Moving all the sixth grades to the Middle School due to overcrowding at 3 elementary schools.

Unfortunately the State is at it again. Last year the State forced the school districts to pay for teacher retirement. Now, because of LD 667, the district will be expected to come up with 100% of its local share by the year 2016-2017. Our superintendent can explain the why's and how's of this better than I, therefore I am including his press release on this topic. (Editor's note: Superintendent Dr. Tom Ward's letter was included in the February/March edition of the Vienna Record, the town newsletter).

Respectfully submitted,
Helen Wilkey

Town Clerk's Report

2013 Statistics (January 1 – December 31, 2013)

Resident Birth	2	Vehicles Excised	595
Resident Deaths	4	Vehicles Registered	597
Marriage Licenses Issued	4	Trailers Registered	81
Dog Licenses	96	Snowmobiles Registered	31
Hunting and Fish Licenses	47	Boats Registered	76
Total Vehicle Excise Tax	$90,687.36		
Total Boat Excise Tax	$948.80	ATV's Registered	25
Newsletter Ads	$229.00	Cemetery	$800.00
		Dump Stickers	19

My hours are as follows:
Tuesday – 5:00 PM to 7:00 PM
Wednesday – 9:00 AM to 12:00 PM and 12:30 PM to 5:00 PM
Thursday – 5:00 PM to 7:00 PM
The last Saturday of the month – 9:00 AM to 12:00 PM
I know these hours are not convenient for everyone. You can give me a call and I will gladly make an appointment for you. I am here for everyone.

Respectfully submitted,
Annie Tibbetts, Town Clerk

Fire Department Report

"We still make house calls."

2013 has been a good year for the Vienna Fire Department. We have had approximately the same number of calls as last year with the majority being mutual aid to other towns and calls to assist rescue here in Vienna. I am happy to report that we had no major fires in 2013.

We had three firefighters, John Jones, Steve Lilley Jr., and Dylan Lord, complete Firefighter I and II courses. To date, one of these firefighters, John Jones, has taken and passed his end test. The other two will be taking their end tests at a future date.

Vienna Fire Department was pleased to receive the small building behind the station from the Vienna Historical Society. It had previously been damaged in a fire. Many hours of volunteer labor have gone into repairing and restoring the building and it is now being used to store the fire boat and other equipment. Thank you to Vienna Historical Society for the building and to Allen Trask for allowing us to leave the building.

I am also happy to report that we have purchased as new forestry skid (slide-in) for our forestry truck. This skid will make us better able to fight woods fires as well as to access narrow camp roads for first attack on structure fires. I want to thank the six members of the department who gave up half of their hourly pay (the second of two annual pay periods) to help purchase this vital piece of equipment. This represents a donation of approximately $3000.00 directly from the firefighters.

In closing, we at Vienna Fire Department are looking forward to serving the community in the following year and thank you for your continued support.

Respectfully submitted,
Brian J. Church, Chief
Vienna Fire Department

Mt. Vernon Rescue Report

During 2013 Mt. Vernon Rescue responded to 130 emergency calls of which 32 (24%) were in Vienna. We provided care for 14 females and 18 males whose ages ranged from 23 to 89 yrs. old. Twenty-six patients were transported, all by NorthStar; 24 to Franklin Memorial Hospital and 2 to Maine General in Augusta.
Twenty of these calls were during the daytime shift (6AM to 6PM) and 12 during the night shift (6PM to 6AM).

By month, there were 4 calls in January; 1 call in February; 1 call in March; 4 calls in April; 2 calls in May; 0 calls in June; 2 calls in July; 4 calls in August; 3 calls in September; 3 calls in October; 4 calls in November; 4 calls in December.

By chief complaint, these calls were; Falls-5; Unattended deaths-2; Car accidents-1; Medical-12; Diabetic-1; Search-1; Chest pain-9; Stand by for State Police-1

By location these calls occurred on: Town House Rd.-16; Bean Farm Rd. - 2; Mountain Rd.-1; Ithiel Gordon Rd.-1; Davis Rd. - 4; Anderson Rd.-1; Quail Hollow -1; Klir Beck Rd.-2; Vienna Shores-1; Cumner Rd.-1

Our membership is currently at thirteen. Our faithful Vienna members are Michelle Pelton, Laura Reville and Roger Pelton. Roger successfully completed the EMT course we had at the Mt. Vernon Fire Station in 2012. Laura also belongs to the Crisis Incident Stress Management team for Kennebec County. This team conducts debriefings for EMS, law enforcement, and fire department personnel who are having difficulty coping with traumatic calls. We are fortunate to have one of our members be part of this important team.

We continue to have the support of the Vienna firefighters who respond along with us to rescue calls as well as the support of Laura Church, the Fire Department Chaplain. Their assistance is always invaluable as they help us with directions when necessary, mark the locations of scenes and provide any assistance we may require. We treasure the support for Rescue that the Town of Vienna has demonstrated; both by your words and notes of gratitude and the financial assistance you provide. Thank you.

Respectfully submitted,
Patricia Rawson, Director

Animal Control Officer's Report

I am glad to say that (in 2013) I have not received any confirmed report of rabies. We have had numerous cases in the past, so this is good news. It is still very critical that we get rabies shots for our pets. The state is sending out rabies papers on most of the dogs in our town. If you haven't registered your dogs yet, please do so. If you have never registered your dogs in our town, you need to do so. The state has had a lot of discussion about this lately and we have to enforce this law. I will be asked if I contacted the people who have not registered their dogs and we have papers on them. The state says it must be enforced. So, in 2014 when I get the paperwork from the state, I will be forced to come see the people who have not been registering their dogs. I have no choice.

2013 calls:
8 unlicensed dogs
1 animal welfare check
2 missing cats
9 cases of loose livestock
12 dogs at large and returned to owner
6 dogs taken to shelter
2 cases of animal abuse

Respectfully submitted,
Donald Tibbetts

30 Mile River Watershed Association Report

2013 Activities:

Youth Conservation Corps (YCC)

For its third year, YCC performed erosion control projects to reduce polluted runoff, filter storm water carrying phosphorous into the lake, protect water quality and build awareness of lake stewardship. Through the 2013 program, we

- ✓ Planned and executed a record 20 projects for landowners on 6 lakes, including Flying (3) and Parker (4).
- ✓ Provided all technical assistance and project labor at no charge to landowners, due to support from grants, lake associations, towns and individuals.
- ✓ Trained and employed 5 local youth for 8 weeks, providing future leaders with hands-on experience in stewardship of our natural environment.

Courtesy Boat Inspections: *Prevention*

Courtesy Boat Inspectors (CBIs) are the "first line of defense" against invasive aquatic plants, educating boaters and catching hitchhiking plant fragments. In 2013, paid and volunteer CBIs

- ✓ Performed a total of 1492 inspections at public launches on Androscoggin Lake, Flying Pond (249 inspections) and Parker Pond (586 inspections).
- ✓ Staffed boat launches 792 hours (Parker- 242; Flying – 229).
- ✓ Removed milfoil from a boat about to enter Androscoggin Lake.

Invasive Plant Patrol: *Early Detection*

Teams of trained volunteers survey the lakes for invasive aquatic plant infestations to detect invasions early. As regional coordinator, 30MRWA supports the work of volunteers throughout the watershed as we strive towards surveying all our waters. In 2013, we

- ✓ Had 49 volunteers conduct surveys of seven lakes and ponds, contributing over 350 hours of their time.
- ✓ Conducted a three-hour training workshop for 13 volunteers from Flying Pond and Parker Pond.
- ✓ Worked intensively with Flying Pond volunteers to help organize their newly expanded survey team.

Parker Pond Watershed Protection Project

The purpose of this two-year grant-supported* project is to protect Parker's water quality by decreasing polluted runoff coming from roads, driveways, paths, and residential areas. Towards this, we are working with landowners, towns and road associations. In 2013, we

- ✓ Began addressing erosion issues identified during the 2011 Watershed Survey.
- ✓ Partnered with the Kennebec County Soil and Water Conservation District, who provided technical assistance to develop three road management plans to protect the lake.
- ✓ Collaborated with road associations on Fellows Cove Rd, Fellows Farm Rd, and Quimby Lane to implement their road management plans to reduce the impact of those three camp roads.
- ✓ Completed four YCC projects on Fellows Cove Road.

**Project funding was provided in part by the U.S. EPA under Section 319 of the Clean Water Act and administered by the Maine DEP in partnership with EPA.*

Outreach

Through outreach and education we continue to raise community awareness about lake protection. In 2013 we

- ✓ Hosted the 5th annual Paddle trek, a daylong guided trip along 15 miles of connected lakes and streams, with over 60 paddlers and volunteers participating.
- ✓ Delivered presentations at 11 local venues, including meetings of town select boards, lake associations and other community groups.
- ✓ Provided education about our programs and watershed protection through our website, electronic newsletter, social media, town newsletters, lake association newsletters, and local newspapers.

30MRWA's income for 2013 was $79,492. Income sources included individual contributions (43%), coalition members (27%), grants (22%), donated services (6%), and program fees (2%). The Town of Vienna, one of these coalition members, contributed $2,300. Vienna's financial support and leadership have been vital to the organization's success leveraging grants and contributions from individuals and other coalition members.

The Board meets the 3rd Tuesday of each month at its office located at 11 South Road, Readfield. Meetings are open to the public. To become a volunteer, a supporter or to learn more, visit our website www.30mileriver.org or email info@30mileriver.org.

Thank you for helping to protect our valuable lake resources.
Lidie Robbins, Executive Director

Formed in 2008, 30MRWA is a nonprofit organization and public-private collaboration of eight lake associations, seven towns, and two land trusts with a mission to protect, preserve and improve the land and water quality in the 30 Mile River Watershed.

Merry Dumpsters Report

Vienna's total 2013 trash disposal was 218 tons this year, down for the second year in a row. This year we recycled 80.64 tons, which is a total of curbside pickup, "single stream" drop off at the transfer station, and our bulky pick up days. The good news is that our recycling was up by almost 9 tons over last year. These figures do not include the Universal waste which is also considered toward our recycling percentage.

Universal waste is not measured in tons, but in units. This year we recycled 33 computers, monitors and printers, 56 televisions and 68 ft of florescent lamps.

Planning Board Report

We are saddened by the passing of Nanou LaLiberte. He served on the Planning Board for a decade and was a dedicated member, never complaining about the site visits that we made traversing rough terrain that must have pained his injured knees. We enjoyed his sense of humor and anecdotal stories of how things used to be. Nanou's knowledge of the building industry was valuable to the Board and his opinions were often insightful. We miss him and extend our sympathies to his family.

Construction activity in Vienna in 2013 was at the lowest level in recent history. Only fourteen Notification of Construction permits were issued with a total estimated cost of about $200,000. This compares with permits in 2012 for projects with estimated costs of $1,362,000. No permits were issued for new homes, but one was issued for an addition. Four permits were issued for garages, five for decks or porches, two for sheds and two for barns. Four of those permits were for construction within the shoreland zone. Two other Shoreland Zoning permits were issued, one for a timber harvest and one for driveway fill. No new subdivisions were created.

The Planning Board administers the Subdivision Ordinance, the Shoreland Zoning Ordinance, the Notification of Construction Ordinance, the Wireless Telecommunications Facilities Siting Ordinance, and the Floodplain Management Ordinance. Additionally, Fair Point communications and Central Maine Power Company require Planning Board, or other town official, approval for any new service connections. Although the town no longer requires Timber Harvest permits, harvesters must obey the state rules, and harvesting within the Shoreland Zone requires a permit under that ordinance.

The Planning Board received the first application under our Wireless Telecommunications Facilities Siting Ordinance in 2013. The application by Global Tower Assets, LLC and Northeast Wireless Networks, LLC is for the erection of a 190-foot tall cell phone tower on the Bessey Road. The Board accepted the application as complete in October and a Public Hearing was held in November. As of the writing of this report the Board had not yet ruled on this application. The Board hopes to make a decision in February or March 2014, so by the time you read this, action may have been taken.

We welcome a new member, Austin Harrell, to the Board. Other Planning Board members are Creston Gaither, Ed Lawless, Waine Whittier, and Alan Williams. We would like to have one or two

alternate members added to the Board. The Board meets the fourth Wednesday of each month at 7:00 p.m. in the Town House.

Respectfully Submitted,
Waine P. Whittier, Chairman

Mill Stream Grange Report

Mill Stream Grange No. 574 holds its meetings on the first and third Fridays of every month. Our potluck suppers start at 6:00 and the program-meetings start at 7:00. Each program is hosted by individual Grange members.

During this past year we have had programs featuring: A program for book lovers; the Litchfield String Band; the Civil Air Patrol during which Gordon Webber was awarded Vienna's Spirit of America Award for his years of working with the young people of our area and thus shaping them into the fine citizens of which we can all be proud; Maine Chance Farm; an old time sing-along; games; the Thirty Mile Watershed; Show and Tell; how the Maine Prosecutor's office is run; a memory time for our octogenarians; and other topics. As reported in previous years we had our annual plant and food sale in May which provided many families the start of their summer gardens.

In December Santa spent a day at the Grange hall talking to the local children. They spent the afternoon chatting with Santa, making crafts, and eating goodies.

All who are interested in joining Grange are invited to attend a meeting to see if it is something they would like to be a part. Membership is open to all regardless of age, sex, race, religion or political persuasion. If interested in joining please approach a Grange member for an application. Grange represents our agricultural heritage and its ritual becomes more beautiful and meaningful the longer you take part in it. If you are new in town, Grange is a great way to become a part of the town and to get to know your neighbors.

Respectfully submitted,
Gay Anderson, Master

Vienna Historical Society Report

The past year has again been a successful one for the Vienna Historical Society, as we continued to sponsor and participate in activities that have benefited our community. In keeping with our goal of bringing history to the people, we presented "Life on the Farm – Maine Chance Farm 1947-1952" in May at the Mount Vernon Community Center. The program was presented by Ian MacKinnon, whose family lived and worked at the farm for five years. His well-illustrated presentation offered many insights into the daily operation of the farm, as well as reflections on the famous guests and Ms. Arden herself.

Beginning in July and running through October, was our very well-received exhibit, "We Did It!—Working Women of Vienna and Mount Vernon." Over a hundred women were represented, and the breadth of their accomplishments was impressive. We are pleased to have honored the women of this community, and thank all who contributed to and supported the exhibit. Building on the success of "Working Women," we plan on again having an extended exhibit this season. It will feature the works of bygone artists and craftsmen of our community.

As always, the annual plays were a resounding success bringing history-based comedy and foolishness to the community. This late-July event is greatly anticipated by yearly attendees for the opportunity to mingle with friends, as well as to see what kind of devilry our playwrights have in store for us.

The Historical Society was very happy to present our Second Annual Antique Fair and Flea Market in August. The event was very well publicized and grew considerably from the first year with lots more sellers and buyers. A fun time was had by all, and we plan to do it again this August. This is not a fund raising event for the society, but simply an opportunity for everyone to have a good time. There is absolutely no charge to anyone who wants to come and sell—all are welcome.

Our display at the Farmington Fair was an extension of our exhibit on working women, and proved to generate lots of interest. It was instrumental in bringing more visitors to Waite House.

This past year, we painted the roof on Waite House, and are very proud of its improved appearance in our community. For the coming year, we are dedicating ourselves to finishing the upper floor for document storage and research in the larger room, and the use for the smaller rooms will be decided as we near completion.

We thank our many supporters who have helped us become what we are, and invite all who are interested in local history to attend

our meetings and events. Regular meetings are at 1:30 p.m. on the first Sunday of every month at the Mill Stream Grange. Please drop in and visit with us.

Respectfully submitted,
Carole O'Connell, President
Vienna Historical Society

Vienna Union Hall Association

This was a busy year for the Vienna Union Hall. It was our first full season of program scheduling in a long time. Ten events were offered this year, including the a cappella night, Ruth Hill, Casco Bay Tummlers, Village Harmony, the Historical Society plays, The Bearnstow Dancers, discussion of Twelfth Night with Misty Beck, The Theater at Monmouth's Twelfth Night, Northfield Christmas Concert, and the Winter Revels. Two fund raising dinners were held - the Chili/Chowder dinner and the Ham dinner.

Work projects included sanding and refinishing the stage floor, cleaning under the building, new supports for the stage floor, four storm windows for the main hall, new shelf and hooks back stage The Union Hall property was also surveyed thanks to a donation from Creston Gaither. And, last but not least, the rewriting of Union Hall Policies and the successful application for federal tax free 501(c) 3 status.

The Union Hall Association is looking forward to another wonderful season in 2014. New members are always welcome. Support the arts in Vienna by attending some events at your Union Hall. If you are interested in receiving our e-mail newsletter call Dodi at 293-2670 or email to viennaunionhall@gmail.com.

Respectfully submitted,
Marianne Archard

Dr. Shaw Memorial Library Report

Keeping a library vibrant involves so many tasks every day, and all of the work is aimed at making information accessible for the members of our community. That includes updating additions or changes to the online catalog, processing of new materials, shelving materials correctly and anticipating upcoming needs of new types of resources. All of this can't happen without the daily support of volunteers. While the staff answers questions at the desk or via email, organizes interlibrary loans, plans programs or works at keeping the collection current, the volunteers join in with book recommendations to the patrons, constant shelving, rearranging space in the collection, and they add their own helpful suggestions. One Vienna volunteer even created a print movie index for patrons to consult while they browse the DVD collection.

One of the challenges for a small rural public library is the need to cover a wide range of materials and technology. From books and magazines to ebooks; VHS, DVD, Blu-Ray; audiocassettes or books on CD – we have individual patrons who use each (and often, all) of the materials we have at hand. It can make for crowded circumstances, but at least we know we have something for everyone.

Patron visits have remained fairly constant in the past few years, and total just under 4,000 for 2013. Vienna accounts for about 1/4 of our current patrons, including those who newly signed up this year. We lent almost 11,000 items in 2013. We have quite a few patrons who use ebooks via our membership in the Maine State Library's downloadable books collection, as well as other online resources, though they continue to also use print books. Our experience seems to reflect the national findings that though many people access ebooks, the majority of readers continue with print, and often prefer it to electronic resources.

The children's summer reading program is always popular, and this year we also had a special music program for our young patrons. 88 people participated in those programs. Adult programming included our annual bird walk, the annual community poetry reading, and a new cheese-making workshop. We had 66 people attend those events. The tax help days we sponsor, with AARP volunteers David Fuller and Chuck Wright, are always filled to capacity.

As always, our patrons, volunteers, staff, trustees, and supporters come together to exchange ideas and work and information. The citizens of Vienna and Mount Vernon not only love the resources at the library, but also appreciate our traditions of donating to the Food Bank instead of paying overdues, or working together on the annual book sale. Whether sharing ideas for what to

read next, or information on local resources for a repair or medical or other support problem, we are always glad to come together to get the job done.

Thank you.
Alice Olson, Head Librarian
Dr. Shaw Memorial Library

Addressing Officer's Report

Please post your house numbers correctly to assist emergency response efforts and delivery drivers.

As a reminder, the ordinance requires your house number to be posted either on your house (if it is visible from the road) or by the street (if your house is not visible from the road). Numbers need to be a minimum of 3 inches high (the bigger the better) and either reflective or a contrasting color to the background on which they are mounted. It is very difficult to see house numbers at night and during inclement weather. Please help your emergency responders by following the ordinance.

Numbers should be visible on both sides of mailboxes as emergency responders often come from both directions (or sometimes need to turn around).

Respectfully submitted,
Laura Reville

January 9, 2014

The Kennebec County Sheriff's Office continues to proudly serve the citizens of Kennebec County. The Sheriff's Office has a long history of service, dating back to 1799. Our agency serves many functions in the communities of Kennebec County. In addition to rural patrol, the Law Enforcement Division provides many regional assets to our communities including Drug Investigations, K-9, Dive Team, Accident Reconstruction and the Special Response Team.

In 2013, Deputy Sheriffs responded to a total of 34,398 calls for service. We answered (656) calls for service involving theft; (764) motor vehicle accidents with (8) reconstructions; (736) alarms; (319) domestic violence; (286) 911 hang-ups; (158) assaults; (177) K-9 calls and (731) providing assistance to other agencies. The Sheriff's patrol division conducted (385) school safety visits and made 7,273 vehicle stops.

During the past year, our Correctional Facility managed 3,152 inmates. The offenses committed by defendants included everything from Burglaries to Homicides. Substance abuse and the proper treatment of citizens with mental illness continue to be two primary concerns at the Correctional Facility. Despite significant fiscal challenges, the CARA program continues to operate, serving as the only state-wide substance abuse treatment program.

Inmates at the Kennebec County Correctional Facility are required to work. Inmates that are considered to be a risk to the community work inside the facility cleaning and cooking, while others are supervised on outside projects. For every two days worked, one day is reduced from their sentence, resulting in a $697,594 bed day savings to the citizens of Kennebec County. Throughout 2013, inmates worked 23,810 community service hours, valued at approximately $178,576. Our inmates raised 46,448 pounds of produce for the inmate kitchen and area food pantries in 2013.

We are committed to providing innovative programs to reduce crimes, assist victims, and to provide enhanced public safety. I acknowledge the ever-growing opiate addiction problem and have committed to partnerships at the Federal, State and Local levels to combat this problem. Our approach is aggressive enforcement, education and treatment for those afflicted.

I will provide the 122,150 citizens of Kennebec County with progressive and professional Law Enforcement and Correctional Services. I welcome any comments or suggestions which improve our service to the citizens of Kennebec County.

Randall A. Liberty
Sheriff, Kennebec County

KSO responded to 12 Vienna calls in 2013.

Annual Report to the Town of Vienna
A Message from Senator Tom Saviello

Dear Friends and Neighbors:

I would like to thank you for the opportunity to represent the Town of Vienna in the Maine Senate. It has been an honor serving on your behalf to make Maine an even better place to live, work and conduct business.

The 126th Legislature adjourned its First Regular Session on July 10, 2013. The year began with a daunting task: covering an $880 million shortfall in the state's two-year budget that was caused mainly by cost overruns in Maine's Medicaid program. We were able to bridge this gap without reversing the largest income tax cut passed in state history by the previous Legislature. These tax reductions benefitted low and moderate-income residents most, and taking them away would have represented a big step back for a state that has historically had one of the highest tax burdens in the country.

One of the Legislature's most significant achievements this session was finally paying off Maine's massive debt to its hospitals, which totaled $484 million at the beginning of 2013. The Legislature approved a plan that allows the state to use a revenue bond to pay off the debt and use the proceeds from a renegotiated state liquor contract to pay off the bond. The debt was the result of Medicaid services provided by 39 Maine hospitals for which they were never reimbursed, dating back to 2009.

The Legislature also approved the bipartisan Omnibus Energy Bill, which addresses reducing the cost of energy in Maine, cutting back on greenhouse emissions, and making money available to insulate Maine homes. This legislation when fully implemented will increase natural gas capacity and improve connection to underserved areas of Maine, provide funding to help companies cut back on greenhouse emissions and give rebates to homeowners who switch from oil to natural gas or other more efficient heating systems, and provide funding to help homeowners improve insulation.

Again, thank you for entrusting me to represent you in Augusta. Please feel free to contact me if you ever need my assistance in navigating the state bureaucracy. I would be happy to help in any way that I can. Additionally, please let me know if you would like to receive periodic updates on legislative matters. I may be reached in Wilton at 645-3420, in Augusta at 287-1505, or by e-mail at drtom16@hotmail.com.

Sincerely,

Tom Saviello
State Senator

January 2014

Dear Friends and Neighbors:

As the Second Regular Session of the 126th Maine State Legislature convenes, I would like to thank you for granting me the opportunity to serve Vienna, and all of District 83, in the Maine House of Representatives.

The process for submitting bills to the second session is different than it was for those submitted to the first. During the first regular session, there are no formal limitations on the type or number of bills that may be submitted. In contrast, bills introduced in the second regular session are limited by the Constitution to budgetary matters, legislation of an emergency nature that must receive approval by the Legislative Council, and Governor's bills. Bills that were introduced in the first session, but carried over until this session will also be dealt with during the coming months. Among the bills I am sponsoring that will be considered this session are: LD 1694, "An Act to Improve the Quality of Inland Water," LD 138, "An Act To Amend the Laws Governing the Issuance of Bonds That Have Been Ratified by the Citizens of the State," and LD 153, "An Act To Establish a Comprehensive Hunting and Fishing License."

Throughout this session, I will continue to advocate for greater government efficiency and accountability when issues concern the use of taxpayer dollars. In addition, job creation and making Maine a better place to do business will remain top priorities of mine.

To stay informed on these bills, and all other matters before the Legislature, you can visit the Legislature's website at http://www.maine.gov/legis. Additionally, If you would like to sign up to receive my weekly e-newsletter, please send an e-mail to me at: RepDennis.Keschl@legislature.maine.gov.

Please do not ever hesitate to contact me with any questions, concerns, or thoughts that you have regarding legislative or state matters. It is with your input that I am best able to represent you.

Sincerely,

Dennis L. Keschl
State Representative

January 2014

Dear Friends:

Last year saw some of the most bitterly partisan political fighting in Washington in recent memory. However, the gridlock in Washington has not slowed my efforts to fight for Maine's businesses and industries on the national and international level. I will continue to visit and speak with Maine's small businesses and manufacturers to hear firsthand about their successes and challenges. This is an important part of my ongoing "Make it in Maine" agenda which consists of initiatives to boost domestic manufacturing and support job growth in our state.

In 2014, it will be my great honor to continue serving our nation's veterans as the Ranking Member of the House Veterans' Affairs Committee. Over the course of the last year, I worked with Representative Jeff Miller (R-Florida), the committee's chairman, to pass a number of bills important to veterans. Some that we passed would reduce the VA's disability claims backlog, help get veterans their compensation faster, and improve training and educational opportunities. One critical measure we advanced through the committee would ensure that all VA programs receive funding a year in advance so no veterans will have to worry about services being disrupted.

While I am proud of these accomplishments, I know there is still so much to do. I will continue to fight for new advances in areas such as veteran employment, veterans' health care, and the ongoing concerns with the VA claims backlog.

I believe Washington is at a crossroads. There are many members of Congress on both sides of the aisle that truly want to get things done for the people they represent. Congress needs to work together to get things done and make Washington work again. I continue to be committed to making that happen, and continue to regularly meet with Democrats, Republicans, and Independents to forge a way forward.

As we move forward into a new year, my highest priority remains ensuring that Mainers receive timely and quality constituent services. Whether you have a specific concern with a federal agency or need help connecting to resources, please don't hesitate to reach out to me at any of my offices. I also encourage you to visit my website (www.house.gov/michaud), where you can email me as well as connect with me on Facebook and Twitter.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud
Member of Congress

Dear Friends,

Since arriving to the U.S. Senate last January, I have been looking for ways to provide Mainers with improved access to federal services through the use of digital technology and on the ground outreach initiatives. Maine is a rural state and I know that traveling to our offices can present both logistical and financial challenges.

To help overcome those obstacles, I launched our signature **Your Government Your Neighborhood** outreach program in June 2013. Every other week members of my staff in Maine travel to different towns – ensuring that all 16 counties are served each month - to hold constituent office hours for local residents.

Over the past eleven months my work in Washington has been largely shaped by the four committees that I serve on: Armed Services, Intelligence, Budget, and Rules. These appointments allow me to engage on issues important to Maine and help craft legislation before it comes to the Senate floor. On the Armed Services Committee I work with my colleagues to honor our obligations to members of our armed forces both past and present, as well as ensure the continued strength, efficiency, and sustainability of our military. On the Intelligence Committee I work to effectively mitigate security threats facing our country while also establishing measures to guarantee that the privacy rights of U.S. citizens are protected. On the Budget Committee, I am working to ensure that necessary spending is tempered with fiscal responsibility, and my position on the Rules Committee allows me to push for procedural reforms that remove institutional inefficiencies and help move the country forward.

I am tremendously grateful for the opportunity to serve you and determined to keep you informed of my activities in Maine and Washington. As always, I welcome any thoughts, questions, or concerns that you may have. You can visit my website at http://www.king.senate.gov and provide your input there, or call our toll free in state line at **1-800-432-1599**. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, and Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344.

Sincerely,

Angus S. King, Jr.

APPROPRIATIONS
SELECT COMMITTEE ON INTELLIGENCE

Dear Friends:

It is a privilege to represent Maine in the U.S. Senate, and I welcome this opportunity to share some of my work from the past year.

Encouraging the creation of more jobs remains my top priority. I have developed a Seven Point Plan for Jobs in Maine, which includes proposals to spur small business investment, ensure robust workforce education and training, reduce regulatory red tape that stifles job creation, support Maine agriculture and manufacturing, and invest in the infrastructure needed to expand our economy. Traditional industries and small businesses remain the backbone of Maine's economy, and innovation will be important for future jobs as well. I have supported Maine's effort to lead the world in deepwater wind technology and was proud when the University of Maine and its private sector partners launched the first prototype this year. This emerging industry has the potential to create thousands of good jobs here in Maine.

BIW remains a major Maine employer and is critical to our national security. I have worked hard to support the Navy's request for a 10th DDG-51 and to continue construction on the DDG-1000s at the shipyard. This year's annual defense policy bill also contains more than 30 provisions to eliminate sexual assault from our military, including several provisions that I authored.

Partisan divisiveness in Washington continues to prevent us from addressing some of our nation's most serious challenges. Gridlock reached a peak in October with the federal government shutdown that pushed our country to the brink of defaulting on its financial obligations and damaged our economy. As the shutdown continued with no end in sight, I presented a proposal I believed both sides could support. Within days, I was leading a bipartisan coalition of 14 Senators that worked night and day to craft a plan to reopen government, avert default, and restart negotiations on a long-term plan to deal with our nation's unsustainable debt of more than $17 trillion. Known as the "Common Sense Caucus," we will continue to work to develop solutions and bridge the partisan divide.

Earlier this year, across-the-board federal spending cuts known as "sequestration" took effect. These indiscriminate cuts jeopardized priorities from national security to medical research and stand in stark contrast to the thoughtful and thoroughly debated spending priorities set at town meetings throughout Maine. To bring some Maine common sense to this process, I authored bipartisan legislation to allow federal agencies to set priorities in administering the required cuts and wrote a new law to ensure that sequestration would not disrupt air travel, which plays such an important role in fueling Maine's tourism economy.

I have also enjoyed my work as the ranking member of the Senate Special Committee on Aging where, with Senator Bill Nelson of Florida, we work on issues of critical importance to Maine seniors. The committee has created a toll free hotline (1-855-303-9470) to make it easier for senior citizens to report fraud and scams and to receive assistance. I also serve as the Senate Co-Chair of the task force on Alzheimer's, a devastating disease that takes a tremendous personal and economic toll on more than five million Americans. Better treatment for Alzheimer's and ultimately finding a cure should be an urgent national priority.

Finally, I am proud to reflect our famous Maine work ethic by completing another year of service without missing a single roll call vote. I have not missed a vote since I was elected – a streak that stands at more than 5,300 in a row.

May 2014 be a good year for you, your community, and our great State of Maine.

Sincerely,

Susan M Collins

Susan M. Collins
United States Senator

TOWN

WARRANT

2014

VIENNA TOWN WARRANT

STATE OF MAINE KENNEBEC, SS

To, Resident of the Town of Vienna:

Greetings:
In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said Town of Vienna, qualified by law to vote in Town Affairs, to assemble at the Community Building in said Town on Friday the 7th day of March next at 4:00 PM in the afternoon, then and there to act upon the following articles, to wit:

ARTICLE 1

To choose a moderator to preside at said meeting.

ARTICLE 2

To elect the Town Officers for the ensuing year. The polls shall be open from 4:00 PM to 8:00 PM at the Vienna Community Building. The Annual Town Meeting will begin Saturday the 8th day of March at 9:00 AM, in the Vienna Community Building.

ARTICLE 3

To hear and act upon the report of the Town Officers.

ARTICLE 4

To see if the town will vote to increase the property tax levy limit of $_____ established for Vienna by State Law in the event that the municipal budget approved under the following articles will result in a tax commitment that is greater than the property tax levy limit. Recommended: Yes

ARTICLE 5

To fix compensation for the following:

Recommended:
Selectmen, Assessors, and Overseers of the Poor: $6,000 each
Town Treasurer: $6,000
Town Clerk: $6,500 for Clerk/Registrar Services
$4,500 for Vehicle Registration and Excise Tax Collection
State minimum wage for elections other than March or special town meetings.
Collector of Real Estate Taxes: $8,000
Road Commissioner: 2014 Maine D.O.T. Road Foreman rates

ARTICLE 6

To see if the Town will vote to make property taxes payable, one half on June 15, 2014 and one half on September 15, 2014, and that interest be charged on overdue taxes at the rate of 7% or the maximum amount allowed by state law if that is greater (per annum after those dates).
Recommended: Yes

ARTICLE 7

To see what Annual Rate of Interest the Town will authorize to be paid upon all abatements.
Recommended: 3% or the minimum allowable by law.

ARTICLE 8

To see what sum the Town will raise and appropriate for abatements.
Recommended: $5,000

ARTICLE 9

To fix compensation for the following:
Recommended:
Election Ballot Clerks: State minimum wage
Town Newsletter Editor: $500
Town Webmaster: $500

ARTICLE 10

To see if the Town will vote to raise and appropriate the following sums for general government. Recommended:
Administration: $62,000
Insurance: $12,250
Community Building: $7,000 plus carry the 2013 balance to a Capital Improvement Fund for the Community Building.
Election $1,300
Contingency Fund: $2,500

ARTICLE 11

To see what sum of money the Town will raise and appropriate to compensate deputies of the Town Clerk, Treasurer, and Tax Collector for training fees.
Recommended: $600 ($200 each position)

ARTICLE 12

To see what sum of money the Town will raise and appropriate to compensate Town Officials for attending court, judicial proceedings, and mandatory regional meetings.
Recommended: $250

ARTICLE 13

To see what sum the Town will raise and appropriate to pay the interest of a Tax Anticipation Note (TAN) Recommended: $2,200

ARTICLE 14

To see if the Town will authorize the Tax Collector to receive prepayments of taxes, these being tax payments made before the formal date of Tax Commitment. Recommended: Yes

ARTICLE 15

To see if the Town will authorize the Treasurer to charge a fee to cover the Town's costs of processing bank checks with insufficient funds.
Recommended: $25.00 per check

ARTICLE 16

To see if the Town will authorize the Selectmen to spend 25% of the Annual Budget in each account from January 1, 2015 to the date of the 2015 annual Town Meeting.

ARTICLE 17

To see what sum of money the Town will raise and appropriate for the Health Officer to use for water testing.
Recommended: $60

ARTICLE 18

To see what sum of money the Town will raise and appropriate for debt service on the Town fire truck.
Recommended: $14,141

ARTICLE 19

To see what sum of money the Town will raise and appropriate for the Fire Department's Operating Expenses.
Recommended: $30,500 and carry any 2013 balance to the Fire Department Capital Improvement Reserve Account.

ARTICLE 20

To fix compensation for the Officers of the Fire Department.
Recommended: Chief - $2,000
Deputy Chief - $1,500
Assistant Chiefs - $1,000

ARTICLE 21

To fix compensation for the services of the Volunteer Fire Fighters for attendance at Training Sessions and Fire Calls.
Recommended: $10.00 per hour

ARTICLE 22

To see what sum the Town will raise and appropriate for the Fire Department vaccination and/or OSHA respirator medical examination.
Recommended: Carry the balance in the account

ARTICLE 23

To see what sum the Town will raise and appropriate for the Town of Mt. Vernon for the Rescue Squad.
Recommended: $3,500

ARTICLE 24

To see what sum the Town will raise and appropriate for Winter Road Work.
Recommended: $152,000

ARTICLE 25

To see what sum the Town will raise and appropriate for the Road Maintenance Account.
Recommended: $65,000

ARTICLE 26

Independent Auditors' Report

Board of Selectmen
Town of Vienna, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Vienna, Maine, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and the fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 11 to the financial statements, management has not recorded capital asset in the governmental activities and, accordingly, has not recorded depreciation expense for capital assets. Accounting principles generally accepted in the United States of America require that capital assets be capitalized and depreciated when present, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities has not been determined.

Adverse Opinion on Governmental Activities

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Government Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the governmental activities of the Town of Vienna, Maine, as of December 31, 2012, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units

As discussed in Note 11 to the financial statements, the financial statements do not include the financial information of an entity determined to be a component unit. Accounting principles generally accepted in the United States of America require that the financial reporting entity consist of the primary government and its component units, organizations for which the primary government is financially accountable or for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. In addition, accounting principles generally accepted in the United State of America require the financial data for component units to be reported with the financial data of the Town's primary government unless the Town also issues financial statements for the financial reporting entity that include the financial data for its component units. The Town has not issued such reporting entity financial statements. Information regarding the assets, liabilities, net position, revenues and expenses of this discretely presented component unit were not provided so therefore the financial effect of this exclusion cannot be determined.

Adverse Opinion on Aggregate Discretely Presented Component Units

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above do not present fairly, the financial position of the aggregate discretely presented component units of the Town of Vienna, Maine, as of December 31, 2012, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Vienna, Maine, as of December 31, 2012, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Vienna, Maine's basic financial statements. The combining and individual fund financial statements, and other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements, and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information described above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.
