### GARDENS GALORE

A project that will span this fall for design, and next spring for completion will be the landscaping of the exterior of the Union Hall. The Mt. Vernon/Vienna Garden Club generously donated \$250.00 towards this project.

### FOUNDATION WORK

One of the granite foundation stones in the front of the Hall needs to be reset. Anyone interested in helping with this project please contact us!

### SURVEY COMPLETE

Many thanks to Creston Gaither of York Hill Surveying of Vienna for his generous work doing a survey of the three small lots belonging to the Vienna Union Hall Association. It is a great help knowing where our boundaries lie!

### PIANO - SEARCHING FOR HOME

Members of the Union Hall are looking for a good home for a nice, small, Miessner upright piano. The piano has not been used in many years but has been well kept. It needs tuning and some upkeep. Free to someone who can use and care for it.
