Inspections

The following **Inspections** must be done on **all structures**. All Shoreland Zoning rules and setbacks must also be met.

1 First Inspection when the foundation/footing stakes are laid out

Items inspected: Setbacks, wastewater permits, internal plumbing permit.

2 Second Inspection before a structure is used or occupied.

Items checked for finished septic system installation, conformance to site plan and sizing as specified in building permit.

#3 Applicant Responsibility

✓ Applicant understands that the CEO/building inspector will make inspections for compliance with town ordinances and applicable state regulations during construction and this permit allows code enforcement officer onto the property for the purpose of doing inspections. Applicant must call for inspections.

✓ Building permits do not include plumbing, septic or commercial electrical work.

✓ Building permits are valid for **two years**; any false information may invalidate a building permit and stop all work.

✓ Signing this application authorizes inspections necessary to issue a permit and conduct inspections to insure compliance with regulations.
